This relates to the remission of the revenue due to a Local Body and when the Local Body itself has decided to waive the recovery Government should ordinarily have no objection to sanction it But in the present financial position of the Municipality it does not appear to be desirable to permit it to forego a large sum of Rs 1/ 533/- previously claimed but remaining unpaid unless this is unavoidable

In the statement of arrears of water charges sent by the Municipality the period or periods to which the arrears relate have not been noted This information as well as information as to when meters were installed to the several buildings if available may be called for

It is also not clear whether water charges had not been collected for any period in respect of these buildings or if they had been collected for some periods whether the Municipality intend to refund the amounts previously collected or whether they will not be liable to refund the same if the arrears remaining uncollected are written off on the ground that they were claimed by mistake have

Serial No

have also to be ascertained

13 It is stated that claims for previous years were preferred by mistake Whether this is so in all cases requires consideration If water had to be supplied to the several institutions free of cost the Municipality would not have provided meters to these buildings at a heavy cost There should perhaps be some authority requiring the recovery of water charges from these buildings

14 When the need for the recovery of these charges at least at a concessional rate was recognised by the Municipality and orders obtained for the recovery of these charges from 1st July 1933 it is perhaps not desirable to waive the recovery of the entire arrears A portion of it at least to the extent of the charges payable according to the revised rules from 1st July 1933 may perhaps be required to be recovered This may be suggested to the Municipality

A | The Water Supply Department of Government may perhaps be able to furnish some information in the matter

2 There appears to be no justification for waiving the recovery of the entire arrears and the recovery of these charges at least at the concessional rates sanctioned from 1st July 1933 cannot be regarded as unfair The supply of water costs money and some one has to pay it The proper person to pay is the person who uses the water and he cannot well expect to get water free and some one else to pay for it

3 The Municipality may perhaps be advised to adopt this procedure in all cases where it is possible to recover them particularly in view of the unsatisfactory state of its finances

4 Waiving the recovery should only be in cases [redacted] which it is not possible to collect -- not in cases in which there is ability to pay

It is not clear why the demands were not made promptly. Moreover no action seems to have been made for the recovery of the arrears from the institutions which are able to pay as indicated ~~in the case especially where the financial position of the institutions is not satisfactory~~

Submitted for orders.

Rmr 23/2

35 The point for orders is whether the arrears of water charges amounting to Rs 17 533 4 0 due from some charities & charitable educational institutions should be written off as resolved by the Municipal Council, the reasons urged being (1) the demand in most of the cases being erroneous (2) the meagre resources of the institutions & (3) the amounts being irrecoverable in most cases

36 The Trust Secy considers, ~~that~~ for the reasons mentioned in his note in paras 10 to 14 of 1932, that in the present financial condition the Met Board not be permitted to forego such a large sum that there is no justification for waiving the recovery of the entire arrears & that recovery should be made at least at the concessional rate sanctioned in the G O of 14 10 33 from institutions which have the ability to pay

37 The President, who was again addressed in the matter, has repeated the original recommendation & stated that all the aspects were

40 I am afraid I do not see any reason for writing off these arrears all the institutions concerned appear to be quite capable of paying up their arrears & several of them are more than able to do so (e.g. Nagarika Dakshina Chattram (911) Mucharagan Colln Hostel (811) Adr Karnataka Hostel (854) Hardwicke College Hostel (773) Utn Boarding House (1186), Central Institute for Orthotics (1916) Arabic Anwaric Parishi Dharma Sala (1400) — It seems to me that the dues should be recovered

To

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore

Sir,

Adverting to paragraph 5 of this office letter No / R 145 dated 31-7-1933 in the matter of the write off of the arrears of water charges outstanding against choultries and other charitable Institutions in the City, I have the honour to submit herewith,for information of Governmen a copy of Resolution No 351 dated 24-2-1934 of the Municipal Council to the effect that the sum of Rs 17533-9-0 being the arrears of water charges outstanding against choultries, Educational and other charitable Institutions in the City up to end of June 1933 as detailed below be written off the accounts for reasons set forth in the Vice-President's note (copy enclosed) -

1) Choultries and other charitable Institutions including the Rajaparivara Sangha Temple	11,383	9	0
2) Educational Institutions	5,986	4	0
3) Sri Ramakrishnashrama (Mutt)	163	12	0
Total Rs	17,533	9	0

(1) Choultries and other charitable Institutions

According to Government Order No L 41-47/L1 101-24-14 dated 2-7-1925, all chatrams, temples mutts and musafarkhanas were entitled to the concession of free supply of water As Government were plea ed to modify that order only with effect from 1st July 1933, vide their Order No L 2741-6/L1 176-31-15 dated 14-10-1933, the claim for water charges preferred on these Institutions for the period between July 1925 and July 1933 during which the Government

Order of 1925 continued to be in force, is evidently an erroneous one

(2) Educational Institutions

So far back as 1928, the Council in their Resolution No 90 dated 25-8-1928 (copy enclosed) had resolved that all bonafide students' Hostels should be given free supply of water It is for this reason as well as those set forth in the accompanying copy of note that the Council have sanctioned the write off of the arrears outstanding against these up to end of June 1933

(3) Sri Ramakrishnashrama(Lutt)

In view of the charitable nature of this Institution, the write off of the arrears of Rs 163-12-0 outstanding up to end of June 1933 is also sanctioned by the Council The question as to how it should be treated for purposes of the levy of water charges from 1-7-1933 will be dealt with separately in the light of the Government Order of October 1933

I have the honour to be,

Reference Council Resolution No 496 (2) dated 24-6-33 to the effect that the arrears of water charges outstanding against - charitable Institutions may be written off the accounts, and that in the case of Educational Institutions, the arrears may be written off if the Council have resolved in the past to grant exemption

SUBMITTED

There are, at present 52 ~~which~~ Institutions which have metered connections of which, 30 are - charitable ones entitled to free supply of water as per Government Order of 1925 7 of the remaining are Educational Institutions (Govt), and 13 are (private) Educational Institutions Out of the remaining 2, one is the Raja Parivara Sangha which is a temple and the other is the Ramakrishnashrama The latter being neither a charitable nor an Educational Institution, the question of water supply to the same will be separately placed before the Managing Committee

A statement showing the names of these Institutions and the arrears of water charges outstanding against each of them up to end of June 1933 is enclosed The arrears of nondomestic water charges etc due in respect of the 30 charitable Institutions amounting to Rs 11370-9-0 have to be written off the accounts as already resolved by the Council (Resolution No 496 V dated 24-6-33)

As regards Educational Institutions the Council in their resolution No 90 dated 25th August 1928 have resolved that all bonafid students Hostels should be given water free

Anyway the Institutions also have prayed hard to grant them total exemption from payment of water charges As this is not practicable the Council have been pleased to sanction the levy of a concession rate of 0-8-0 per 1000 gallons from 1-7-33

In view of the Council's Resolution of 1928 referred to above and in the light of the following facts the arrears of - Rs 5986-4-0 outstanding against the Educational Institutions may also be written off the accounts -

1) Most of them are Institutions which are meant for the benefit of the Backward Classes

2) During March and April 1932 water meters were fixed in most of these cases, as an experimental measure

3) Though the Institutions, by virtue of their charitable nature deserve some concession the arrears due are calculated at Re 1/- the usual rate

4) The sudden demand at the usual rate acts as a hardship on them owing to their meagre resources

Hence arrears in respect of the Educational Institutions also may be written off as they are deserving of this concession, the concession rate of 0-8-0 being levied from 1st July 1933

The reasons specified in items 1 to 4 above hold good in the case of charitable Institutions also

----- Amount of arrears to be written off -----

1)	Charitable Institutions	Rs 11370-9-0
2)	Educational	Rs 5986-4-0
3)	Raja Parivara Sangha (Temple)	Rs 13-0-0
	Total	17369-13-0

The President,

City Municipal Council, Mysore

Sir

With reference to your letter No. M & 1194/34 dated 31st March 1934 forwarding for information copy of the resolution of the Municipal Council that the sum of Rs 17,533-9-0 being the arrears of water charges outstanding against choultries educational and other charitable institutions in the city up to the end of June 1933 be written off the accounts, I am directed to state that Government do not consider it desirable that the Municipal Council under the present state of finances forego such a large sum previously claimed but remaining unpaid, unless such a course is unavoidable. In the statement of arrears of water charges enclosed with your letter the period or periods to which the arrears relate have not been noted. Information on this point may also when meters were installed to the several buildings may be furnished

I am also to enquire whether water charges had not been collected for any period in respect of any these buildings and if they had been collected for some periods whether the Municipality intend to refund the amounts so collected or whether they will not be liable to refund them if the arrears remaining uncollected are written off on the ground that they were claimed by mistake

I am to suggest for the consideration of the Municipal Council, when the need for the recovery of the charges at least at a concession rate was recognised by the Municipality and orders were passed for the recovery of these charges

from 1st July 1933, it is desirable to waive the recovery of the entire arrears, and whether a portion of it at least to the extent of the charges payable according to the revised rules which came into effect from 1st July 1933 may not be recovered from the institutions.

19 SEP 1934

Sir,

Adverting to your letter No L 187/M1 223-33-2 dated 12-7-1934 re: the write off of Rs 17,533-9-0 being the arrears of water charges outstanding against choultries, educational and other charitable Institutions in the City, I have the honour to submit herewith, a statement showing the periods to which the arrears relate, as desired

The write off of the said arrears, as decided by the Council is unavoidable for the following reasons:-

(a) Most of these cases are cases of wrong demand as they had been exempted from payment of water charges as per Government Order No L 4147/M1 101-24-14 dated 2-7-1925

(b) water meters are learnt to have been fixed in several cases during and subsequent to April 32, as an experimental measure

(c) No charges have been collected in several of these cases (as noted in the statement) during the periods to which the arrears relate

(d) Except in some cases, the arrears relate to the period commending from April 1932 and ending with June 1933

(e) Specially as regards choultries and other charitable institutions, the idea of giving free allowance of water according to the bonafide requirement of each institution is more with a view to prevent unnecessary wastage of water than to make it a source of Revenue to the Municipality

The collection of a portion of the old dues to the extent of the charges payable according to the revised rules which came into effect from 1-7-1933 is not also desirable as it acts as a great hardship on

the institutions concerned, in view of their meagre resources In most of these cases, the amounts are irrecoverable

I therefore request kind approval of Government to the Resolution of the Council

I have the honour to be,

Sir,

Your most obedient servant,

President

Letter No 797 dated 27th January 1932 from the President, City Municipal Council, Mysore, to the Superintendent, Vani Vilas Water Works, Mysore

---

I have the honour to state that the Municipal Council in their resolution No 203 dated 19th December 1931 have approved of recovery of water charges in respect of all buildings in the city for whose occupation rent is charged and to request that arrangement may kindly be made to fix meters to all such buildings and readings sent every month for collecting the revenue A formal list of such buildings will be sent to your office early

---

Letter No 972 dated 13th February 1932 from the Superintendent, Vani Vilas Water Works, Mysore, to the President, City Municipal Council, Mysore

---

With reference to your letter No 862 dated 5/8th February 1932, I have the honour to state that I got all the Institutions for which meters are proposed to be fixed as per your list, examined by the Meter Inspector with a view to find out the number of meters that have to be fixed, number of meters cisterns that have to be built etc It is found on examination that out of the 63 numbers given in your list, 13 have got meters, meter cisterns with doors and locks The only thing that has to be done in the case of these 13 numbers is to overhaul the meters and put them in working condition In the case of the remaining 50 items we have got to find meters for them all and construct meter cisterns providing locking arrangement

My proposal in this connection is to remove the required number of meters, meter doors and locks wherever found from the domestic items that are included under flat rate and [redacted] 50 Institutions, [redacted] meter cisterns.

works out to Rs 375/- at the rate of Rs 7/8/- each Since the Annual Maintenance estimate has already been exceeded and no provision was made for this kind of work, I request you to sanction Rs 375/- for this work

If you approve my proposals in this matter and kindly let me know your views in the matter, I shall act accordingly

Since it will take some time to remove meters and fix them to the 63 items as per your list it will not be possible to send the readings from the current month

If you have no objection, I shall remove 50 meters from 50 domestic items and fix them on the Institutions immediately pending sanction to the estimate of Rs 375/- and the construction of meter cisterns in due course

I request you to be so good as to send me your reply at a very early date so as to enable me to takefurther action in the matter

With reference to the correspondence ending with your letter No. W R-3[illegible] dated 17-9-34 forwarding the resolution of the Municipal Council dated the [illegible] of Rs 17,533-9-0 being the arrears of water charges outstanding against Charitable, Educational and other charitable institutions in the City up to the end of June 1933 to be written off the account

I am directed to state that Govt see no justification for waiving the recovery of the entire arrears

especially in the existing financial
condition of the Municipality and
that the recovery of the charges at
least at the concessional rates
under G.O.No 2471-b/Mil 1763 1-15 dt 14 10 33
sanctioned from 1st July 1933, cannot

Sir,

Re:- Arrears of Rs 17,533-9-0 being the arrears of water charges outstanding against choultries etc ,

Referring to your letter No L 4128/M1 223-33-4 dated 4/12th December 1934 stating that Government see no justification for waiving the recovery of the entire arrears and that the recovery of the charges at least at the concessional rates sanctioned from 1st July 1933 cannot be regarded as unfair, I have the honour to state that as already explained in my previous letters, the demands in most of these cases being wrong ones, the amounts under reference cannot be regarded as revenue due to the Municipality

It is after a careful consideration of all the aspects of the question that the Council decided that the amounts may be written off the accounts

I therefore request kind approval of Government to the resolution of the Council

Water charges will be collected from these institutions according to the revised scale from 1st July 1933

On the other hand, they appear to be quite capable and the resources of several of them are to be more than ample for the purpose. I am, therefore, to request that early steps may be taken for the recovery of the dues If there are any institutions which are unable to meet their dues, a special reference may be made about them
